

Integrative Family Medicine Financial Policy

Welcome to Integrative Family Medicine. We feel it is important to inform you of our financial policy.

If you have medical insurance, remember it is a contract between you and your insurance carrier. It is your responsibility to know the details of your insurance policy, what is covered, what is not covered, what your deductible is, and where you may go for medical services. You are always responsible for payment for all services received, regardless of the type of insurance you have. If you do not know your benefits, you may call your insurance company from our office. As a courtesy to you, we bill all insurance claims for our participating insurances. Any claims not paid within 90 days will be sent to you for reimbursement.

You are responsible for 100% of the charges billed. Once your visit has been billed, the diagnosis cannot be changed due to issues of insurance rules or regulations. We will not bill anything as a Wellness Exam. Be prepared to show us your insurance card and pay your co-payment before you see Dr. Brown. The co-pay amount is often written on your insurance card. If you do not have insurance, be prepared to pay for your service when you see Dr. Brown. For your convenience, we accept cash, check, and most major credit cards.

I understand that it is my responsibility to know and understand my insurance benefits. I understand that my annual exam will be billed as a routine exam (no illness or symptoms) unless I specify otherwise in advance.
